CS-704-GS

B.E. VII Semester

Examination, December 2020

Grading System (GS)

Information Storage and Management

Time : Three Hours

Maximum Marks : 70

Note: i) Attempt any five questions.

ii) All questions carry equal marks.

1. What are the advantages of virtualized data center over a classic data center?
2. Explain different types of FC ports.
3. Consider a disk I/O system in which an I/O request arrives at the rate of 80 IOPS. The disk service time is 6 ms.
 - a) Compute the following:
 - i) Utilization of I/O controller
 - ii) Total response time
 - iii) Average queue size
 - iv) Total time spent by a request in a queue
 - b) Compute the preceding parameter if the service time is halved
4. How evolution and deployment has been done in the field of storage? Explain in details.
